

14th HKU - Pasteur Virology Course

Date	Time	Lecture	Speaker	Institute	Country	
WEEK ONE						
6-Jul-17	9:00	9:30	Welcome & introduction of the Course	Roberto Bruzzone Chris Mok Malik Peiris Noel Tordo	HKU – Pasteur Research Pole HKU – Pasteur Research Pole HKU – Pasteur Research Pole Institut Pasteur de Guinée	Hong Kong Hong Kong Hong Kong Guinea
	9:30	12:00	Students' self presentation			
	12:00	13:30	<i>Lunch</i>			
	13:30	15:30	L1 Clinical features, infection control and treatment of influenza	David HUI	Chinese University of Hong Kong	Hong Kong
	15:30	16:00	<i>Break</i>			
	16:00	18:00	L2 Influenza and One Health	Malik Peiris	HKU – Pasteur Research Pole	Hong Kong
	18:00	19:00	W1 Introduction to the practical workshop	Chris Mok Tommy Lam Mart Lamers Mingyuan Li	HKU – Pasteur Research Pole The University of Hong Kong Erasmus Medical Center HKU – Pasteur Research Pole	Hong Kong Hong Kong The Netherland Hong Kong
19:00		Welcome Party				
<hr/>						
7-Jul-17	9:00	11:00	L3 Ecology and evolution of influenza virus	Thijs Kuiken	Erasmus University	The Netherlands
	11:00	11:30	<i>Break</i>			
	11:30	13:30	L4 The molecular biology of influenza virus replication	Aartjan te Velthuis	Oxford University	United Kingdom
	13:30	14:30	<i>Lunch</i>			
	14:30	W2 Practical workshop				
<hr/>						
8-Jul-17	10:00	W3 Practical workshop				
<hr/>						
WEEK TWO:						
10-Jul-17	9:00	11:00	L5 Receptor binding	Sander Herfst	Erasmus Medical Centre	The Netherlands
	11:00	11:30	<i>Break</i>			
	11:30		W4 Practical workshop			
<hr/>						
11-Jul-17	9:00	11:00	L6 Genetic diversity and quasispecies	Marco Vignuzzi	Institut Pasteur	France
	11:00	11:30	<i>Break</i>			

14th HKU - Pasteur Virology Course

Date	Time	Lecture	Speaker	Institute	Country
	11:30 - 13:00	L7 Modes of influenza transmission	Hui-Ling Yen	The University of Hong Kong	Hong Kong
	13:00 - 14:30	Lunch			
	14:30	W5 Practical workshop			
12-Jul-17	9:00 - 11:00	L8 Host regulators of the influenza virus replication machinery	Andrew Mehle	University of Wisconsin	USA
	11:00 - 11:30	Break			
	11:30 - 13:00	L9 Host cellular reprogramming induced by flavivirus infections	Sumana Sanya	HKU-Pasteur Research Pole	Hong Kong
	13:00 - 14:30	Lunch			
	14:30	W6 Practical workshop			
13-Jul-17	9:30 - 12:00	L10 Analysis and modelling during infectious disease epidemics	Simon Cauchemez	Institut Pasteur	France
	12:00 - 13:30	Lunch			
	13:30	W7 Practical workshop
